Working for a better community

What is the Hangleton & Knoll Project?

We are a charity based in the Hangleton and Knoll ward of Brighton and Hove. A part of the community since 1983 we are a project working *for* the community *with* the community and managed *by* the community.

What is the Community Development team?

The Community Development team supports local residents to come together and develop the skills, knowledge and experience necessary to take collective action. They support the residents to make positive change in response to issues identified by the community. The community development workers are based in the two local community centres and are a great point of contact for anybody new to the area or wishing to get more involved in local community activities.

If you are responsible for running an organisation or community service in the Hangleton and Knoll area, and would like to have your organisation included in this directory, get in touch today. Or if you have an idea for a new group to really benefit the local community, please contact Claire on claire.johnson@hkproject.org.uk
